ABOUT CAOMS

The Canadian Association of Oral and Maxillofacial Surgeons (CAOMS) is a non-profit organization serving the needs of hundreds of oral and maxillofacial surgeons across Canada. The CAOMS is designed to support the ongoing requirements of its members and ensure that they are able to maintain excellence in their area of specialty. The CAOMS helps its members to stay connected and remain on the leading edge of their specialty through continuing education and regular meetings, as well as supporting ongoing research and representing and advocating for the needs of this profession to various interest groups to further advance the profession.

The theme of this year's conference "Building Bridges" is ideal for a location in the centre of Canada known as The City of Bridges. The Scientific Committee of Drs. Clayton Davis, Brian Rittenberg and Rob Wagner have secured speakers from Europe, the US and Canada. The meeting will feature two and a half days of educational programming and an exhibit hall providing attendees an opportunity to view the newest ideas in OMFS. An Auxiliary program is planned as well as a pre-conference Difficult Airway course.

The Delta Hotels by Marriott Bessborough on the shores of the South Saskatchewan River provides an excellent environment for learning. This hotel with its Châteauesque architectural style and rich history is located within walking distance of many of Saskatoon's best restaurants. Easily accessible from all of North America via one connection, the Saskatoon John G. Diefenbaker International Airport (YXE) offers direct access from Toronto, Calgary, Edmonton and Vancouver.
